Created by filmmakers Dava Whisenant and Adrian Buitenhuis, *Clockwise Against The Wind* is a deeply personal and evocative work that invites you to reflect on your own experiences with time and loss.

The interactive experience begins with a series of short vignettes that introduce the characters and their stories. You can choose to follow different paths through the narrative, each of which offers a unique perspective on the themes of time and memory.

As you explore the experience, you'll encounter fragmented memories, metaphorical representations of time, and interactive elements that invite you to reflect on your own experiences.

Clockwise Against The Wind is not a traditional documentary, but rather an immersive and interactive exploration of time and memory. It is a work that will stay with you long after you've finished exploring it.

Reflection

After completing the interactive experience, take some time to reflect on your own experiences with time and memory.

What memories have stayed with you over time? How have those memories shaped you? What have you lost, and how have you dealt with that loss?

Time and memory are powerful forces that can shape our lives in profound ways. *Clockwise Against The Wind* invites us to reflect on the nature of time and memory, and to consider how we can use these forces to heal, grow, and find meaning in our lives.
