### Endemic and Threatened Species

Sri Lanka boasts a remarkable number of endemic species, including the Sri Lankan leopard, toque macaque, and purple-faced langur. These species are found nowhere else on Earth and face threats from poaching and habitat loss. Our Pocket Photo Guides highlight these unique animals and raise awareness about their conservation.

### Marine Mammals

The waters surrounding Sri Lanka are home to a variety of marine mammals, including the blue whale, sperm whale, and bottlenose dolphin. With its stunning underwater photography, our guides offer a glimpse into the lives of these magnificent creatures.

### Nocturnal Mammals

Sri Lanka's nocturnal mammals are often overlooked, but they play an important role in the ecosystem. Our Pocket Photo Guides feature lesser-known species such as the slender loris, fishing cat, and leopard cat.

## How to Use the Pocket Photo Guides

Using the Mammals of Sri Lanka Pocket Photo Guides is simple and straightforward. When you spot a mammal in the wild, simply flip through the sections to find the corresponding species. The detailed photographs and descriptions will help you confirm your identification and learn more about the animal's natural history.

## Benefits of Using the Pocket Photo Guides

- **Enhance your wildlife viewing experience:** Identify mammals with confidence and gain a deeper understanding of their behavior and habitat.
